MESS AROUND WITH MUD
Summer is a great time to discover how much fun mud can be!

Keep a Record!
Date _____ Time _____
Location _____________ Weather _____________

Helpful Things to Take Along
- Old clothes
- Garden tools
- Beach toys
- Crayons or colored pencils

Follow these muddy steps.
1. Put on some old clothes that you have permission from a parent to get dirty.
2. Go outside and find a spot (maybe in a garden) where you can dig a small dirt pit and add water to make things nice and gooey. Be sure to get permission to do this, too.
3. Do at least two of the things at right. Draw pictures or take photos of your final products in the boxes provided.

• Build an imaginary mud world filled with mountains, rivers, roadways, buildings, and more.
• Make a huge mud cake and decorate it with twigs, rocks, and pieces of plantlife.
• Construct a mud sculpture of an animal.
• Build a mud castle complete with a bridge and moat.
• Paint a picture on a sidewalk or white T-shirt using mud instead of paint.
